

Soudaboina Nagarjuna

Hyderabad | +91 7095847545 | arjunsoudaboina@gmail.com

Professional Summary

Data Engineer with 4 years of experience designing and optimizing large-scale ETL pipelines across AWS, Azure, and on-premise environments. Skilled in PySpark, Airflow, and SQL with proven success in building medallion data lakes, automating workflows, and integrating diverse data sources (APIs, RDBMS, SFG). Adept at improving performance, reducing costs, and delivering business-impactful solutions.

Experience

DATA ENGINEER | May 2022 - Current

TATA Consultancy Services - Hyderabad, India

- Developed enterprise-scale data integration pipelines using AWS Glue, Apache Airflow, and PySpark to process 500K+ daily records. Architected medallion data lake on AWS S3 with automated ETL, achieving 99.9% data accuracy, 40% performance gains, and 25% cost reduction. Implemented secure, fault-tolerant frameworks with Vault and advanced monitoring, while improving data accessibility by 60% through optimized partitioning and caching strategies.
- Upgraded Python versions across ~50 enterprise data pipelines, ensuring compatibility and stability for diverse data sources including SFG, RDBMS, and APIs. Collaborated with teams to validate workflows post-migration, improving maintainability and reducing technical debt while supporting business-critical data integration processes.
- Implemented multiple ETL pipelines orchestrated with IBM Tivoli Workload Scheduler (TWS), leveraging automated ingestion tools to generate code and configurations for diverse data sources. Ensured reliable scheduling, streamlined pipeline deployment.
- Developed an automated log management system to archive outdated files, sync them to AWS s3, and ensure process integrity with robust error handling, locking mechanisms, and cleanup operations.

Core Skills

- Python, PySpark
- Data Warehouse
- HQL, MySQL
- Big Data and HDFS, Hive, Databricks
- AWS – S3, GLUE, MWAA, Lambda, SQS, IAM
- Git ADO, putty, TWS Scheduler, Jira, GitHub Copilot

Education

TKR College of Engineering | Bachelor of Technology

Electrical and Electronics Engineering, Nov 2020

GPA: 7.43/10

Geethanjali Junior College - Nalgonda, TG | XII

MPC, Intermediate, Mar 2016

Percentage: 96.9

Andhra Pradesh Residential School (Sarvail), TG | X

SSC, 2014

GPA: 9.5/10

Certification & Awards

- AWS Certified Cloud Practitioner**
- Team Excellence Award (Twice)** – Recognized for outstanding contributions and on-the-spot performance in collaborative projects.
